2014 ITWG Meeting

Dresden, September 6th , 2014

AAT Portuguese Project

2014 Status Report

Some issues/problems

- Individual efforts / institutional interest
- National representation
- Project scalability

(new effort focusing a specific AAT facet / modular project perspective)

- Academic/international collaboration perspective

Current situation in Brazil

- Dealing with basic issues regarding collection documentation and cultural heritage information management;
- Poor related bibliography in Portuguese, small institutional interest and inadequate professional recognition and training
